It was difficult to compare options on my phone

The application was much informative, interface is simple and Handy, very friendly Uib with all local language is impressive

It diagnosed the problem and provide Fertilizer of right measurement

I'm so glad to prefer the right choice of fertilizer

Help for detect problems in crop

Research option on my phone

Go to application

Predict the disease and suggest the fertilizer

Usage

Service

Which disease affected my yeilds

Search bar or add your crop space to include crop of your choice

Plant /crop Range is limited Which inturn not agument the database

Project design phase -2
